

## Once upon the time

Text und Musik: Matt fENCER

Intro: C, G, C C

**Ref:** Once upon the time I see the woman left from me.  
Once upon the time I see the woman right from me.  
And also I see the woman in the middle of the time in me  
with the heavy load and with her lovely tough..

**1.** I see the light in her eyes and her Blues is falling down on me.  
I hear the wisper of her lips and her Blues is falling down on me.  
But also I see the hungry shining in her lovely eyes for me  
And I hope this Blues is falling down on me

Ref. - Solo (wie Ref),

**2.** I hear her steps on the floor and her Blues is falling down on  
me.  
I see the scribble in her letter and her Blues is falling down on  
me.  
But also in here voice I here she's hungry -- for love to me  
And I hope this Blues is falling down on me

**Ref:** Once upon the time I see the woman left from me.  
Once upon the time I see the woman right from me.  
And also I see the woman in the middle of the time in me  
with the heavy load and with her lovely tough.

I need the heavy load and I need her lovely tough.
